## Help Wanted

### **City of New Iberia, LA Wastewater Treatment Plant Supervisor Level 4**

(Consideration may be given to an applicant holding a Level III Wastewater Treatment certification and working towards a Level IV certification.)

Starting Pay Rate: \$20.15/hr

**Benefits Offered:** Employer retirement contribution (29.5%); sick and vacation leave; paid holidays, health, dental, vision, and supplemental insurances offered.

#### **Work:**

This position is responsible for all operations and maintenance of a municipal wastewater plant through supervising and participating in the operations and maintenance of an activated sludge municipal wastewater treatment plant. Works with substantial independence while reporting to the Wastewater Utility Director and has supervisory responsibilities for a moderately sized staff of technicians working nights, weekends and holidays, performing sampling, plant operations, as well as minor repair and replacement work. Work done under supervision of this position occurs adjacent to hazardous waste, around live electrical equipment. Incumbents are expected to assure worker safety, and perform independently on the most complex, hazardous tasks. Reports to the Director of Wastewater Utility. On-call status will require incumbents to arrive on-site within one hour of notification.

#### **Minimum Applicant Qualifications:**

##### DESIRED QUALIFICATIONS

- Experience in activate sludge wastewater plant operations preferred or any equivalent combination of education, training, and experience which provides the requisite knowledge, skills, and abilities for this job.
- Must possess the State of Louisiana Class IV Wastewater Treatment Certifications. However, consideration may be given to an applicant holding a Level III Wastewater Treatment certification and working towards a Level IV certification.

##### NECESSARY SPECIAL REQUIREMENTS

- High School Diploma or GED.
- Valid La Driver's License.
- Must be a Qualified Registered Voter.
- Must pass the Civil Service exam, post-offer drug screen, physical, and functional preplacement testing.

**Work Schedule:** 12 hour shifts; includes weekends and holidays

**Accepting applications:** Until filled however all completed applications must be in the Municipal Civil Service Department no later than 4:30 p.m. on Thursday, June 2, 2022.

Applications are available <https://www.cityofnewiberia.com/job-listings>.

The City of New Iberia does not discriminate against any person on the basis of sex, race, age, creed, religion, ethnicity, or handicap.

## Help Wanted

**St. Tammany Parish Government :** Utility Operator 3 - Water

**Pay Range:** \$18.40-\$20.73

**Pay Plan:** 80 hrs per pay period

**Type:** Full Time

**FLSA:** Non Exempt

**Summary:** Under the direction of their assigned Supervisor. The Utility Operator 3 shall maintain water treatment systems assigned to the position in a manner that conforms with and tends to further compliance with all applicable regulating agencies.

**Essential Job Functions:** Essential duties are not intended to be an exhaustive list of all responsibilities, duties and skills. They are intended to be accurate summaries of what the job classification involves and what is required to perform it. The omission of specific statements or duties does not exclude them from the position if the work is similar, related or a logical assignment to the position.

- For Water operator: Monitor and maintain public water systems in accordance with Louisiana Department of Health (LDH) requirements which may include tasks such as:
  - Take samples needed to ensure compliance with regulations including:
    - Daily chlorine residual testing
    - Monthly bacteria testing
    - Quarterly/yearly water profiling as needed
  - Complete required paperwork needed for compliance
  - Schedule and perform distribution line flushing and test hydrants
  - Install hydrant meters
  - Assist in repairs at well sites, assist with repair of broken water mains
  - Perform water quality investigations including testing and observations in response to customer complaints
  - Deliver Chlorine to well sites
- Required to maintain appropriate certification status, including continuing education courses
- May be required to operate equipment in the course of completing assigned duties
- Shall be available to work additional time during emergency situations
- Any other duties as assigned

**Competencies:** Employee must have the ability to service and make repairs and adjustments to various pieces of equipment. Employee must have the ability to operate a variety of equipment and tools. Specialty equipment includes but is not limited to equipment, trucks, and tractors. Must be able to operate water systems serving 5,001-25,000 people in accordance with LDH, DEQ, and EPA regulations.

**Work Environment:** The incumbent typically performs in an outdoor environment. This includes construction sites, open and empty land, wooded areas, both urban and rural roads and drainage, muddy areas, swampy areas, hot, humid, cold, and wet conditions that are consistent with outdoor projects. The incumbent may also be exposed to wildlife and bugs in the environment. This position may include work performed in an office environment for training, plan reviews, meetings, and project preparation and progress reviews.

**Physical Demands:** *Medium work.* Medium work involves lifting no more than 50 pounds at a time with frequent lifting, lowering, pulling, pushing and carrying of objects weighing up to 25 pounds. If someone can do medium work, we determine that he or she can also do sedentary and light work. Must be able to bend, stoop, kneel and climb in order to complete various job duties. Must be able to stand, sit and walk for extended periods, sometimes on uneven or rough terrain in various weather conditions.

**Required Education/Qualifications:** A high school diploma or equivalent GED required. Minimum of four years' experience in relevant water system. Must have a Class 3 Operator Certification from LDH in water distribution, water production or water treatment. Must have valid Driver's License.

**St. Tammany Parish Government is an EOE/M/F/Disability/Veteran**

## Help Wanted

**Are you a water or wastewater professional eager to expand your career?**

**[Apply with Midwest Water Operations!](#)**

Midwest Water Operations, headquartered in Washington, Missouri, is a growing water and wastewater operations company who has recently merged with ClearWater Solutions. This merger increases our footprint throughout the greater Southeastern United States and means more opportunities and resources for our employees. We hire skilled water and wastewater professionals who are eager to work for a high-tech company that offers competitive benefits and pay, with many opportunities for advancement.

**Midwest Water Operations has an immediate opening for a field supervisor in the Slidell/Lake Charles, LA area.**

Water and wastewater operations is manual work involving the maintenance and repair of water facilities and equipment. The field supervisor will oversee all field projects and repairs and be directly responsible of operations in the assigned area. They will assist in daily plant work, but will be primarily in charge of system repairs and maintenance.

**Preferred Qualifications include water and wastewater certification (Distribution and Collection) for the state position serves.**

Knowledge, Skills and Abilities - Minimum Qualifications:

- Knowledge of safety standards and precautions related to water and/or wastewater operations
- Ability to use and maintain tools, equipment and computers associated with water and/or wastewater operations
- Ability to establish and maintain effective working relations with co-workers, clients, vendors and the general public
- Ability to manage and supervise staff
- A valid state driver's license
- Ability to be on-call evenings and weekends and to work long hours

A person working in this job will need, on a daily basis, to:

- Perform heavy labor including walking long distances, standing, bending, stooping, reaching and digging
- Have the ability to work in confined spaces and wear appropriate safety equipment
- Grasp, lift, maneuver, rotate and otherwise use small to large hand tools
- Grasp, lift, carry and set down objects weighing up to 50 lbs.
- Grasp, turn, twist, pull, push, lift and otherwise move equipment, controls and parts weighing up to 100 lbs.
- Visually assess construction, maintenance and repair needs
- Climb and work from ladders and stairs
- Perform outside work in extreme weather conditions
- Be exposed to noise, dust, grease, smoke, fumes and/or potentially hazardous chemicals
- Read instructions, job orders, etc. and complete forms and write notice
