## Help Wanted

### **Water System Operator Position Available**

Northeast LA Utilities, Inc. currently has openings available to be filled at either an Operator I, II, III, or IV level, and is offering an excellent career opportunity for a motivated individual interested in becoming a member of an extraordinary and dynamic utility team.

**JOB TYPE:** Full-time Water Operator Position

**PAY:** 40 hrs per pay period with overtime available

**PAY RANGE:** \$15.00 to \$22.00 per hour. (Pay rate based on experience and certification); PTO after 90 day probation period, company paid IRA match offered up to 3%, insurance offered (health, life, dental and vision).

### **ESSENTIAL DUTIES AND RESPONSIBILITIES:**

Essential duties are not intended to be an exhaustive list of all responsibilities, duties and skills. They are intended to be accurate summaries of what the job classification involves and what is required to perform it. The omission of specific statements or duties does not exclude them for the position if the work is similar, related or a logical assignment to the position.

- Monitor and maintain public water systems in accordance with LDH requirements which may include tasks such as:
  - Take samples needed to ensure compliance with regulations
  - Perform water quality investigations including testing and observations in response to customer complaints
  - Complete required paperwork needed for compliance
  - Schedule and perform distribution line flushing
- Required to maintain appropriate certification status, including continuing education courses
- Shall be available to work additional time during emergency situations
- Any other duties as assigned

### **QUALIFICATIONS:**

- High School diploma or General Equivalency Degree (GED)
- A minimum of two (2) years of experience in the water field
- Be able to pass water certification exams and become certified within the first two (2) years of employment
- Shall have the ability to read and interpret documents, safety rules, operating and maintenance instructions, procedure manuals, etc.
- Aptitude to calibrate and use the following instruments – pH meter, oxygen meter, chlorine analyzer, conversion charts (decimal to fraction, fraction to decimal), flow meters, etc.

### **WORK ENVIRONMENT:**

- Work is typically performed in an outdoor environment. This included hot, humid, cold, and wet conditions. Maybe exposed to wildlife and bugs in the environment.
- Physical Demands involving lifting of 50 to 75 pounds at a time with frequent lifting, lowering, pulling, pushing, and carrying of objects. Must be able to bend, stoop, kneel and climb in order to complete various job duties. Must be able to stand, sit and walk for extended periods, sometimes on uneven or rough terrain in various weather conditions.
