City of Alexandria, LA Job Opportunities

Superintendent, Water

Salary Range: \$61,604.24 - \$73,920.76 Grade: 33 (Employee: 7% on your current salary, whichever is greater; or 10.5% on your current salary, whichever is greater, if the position is 3 grades or higher than the current position) Appointment to a position in the classified service shall be at the minimum of the corresponding pay range unless otherwise approved.

The examination is announced to establish an employment list to fill a vacancy to perform administrative and technical work at the management level, overseeing construction projects, maintenance activities, and general operations of the Water Department for the City of Alexandria. This position is subject to 24-hour call. Reviews and approves all emergency operation plans for the Water Department. Ensures compliance with all applicable rules, regulations, standards, policies, and procedures; ensures compliance with the EPA, DEQ, and the Department of Health and Hospitals rules and regulations; initiates any actions necessary to correct deviations.

Minimum Applicant Qualifications:

- Bachelor's Degree from an accredited college or university in Civil, Chemical, or Environmental Engineering or a related field; supplemented by seven (7) years of progressively responsible supervisory experience in water utility management, contract administration, water system design, and construction or related field; or any equivalent combination of education, training, and experience which provides the requisite knowledge, skills, and abilities for this job.
- Must possess Class IV certifications in Water Production, Distribution, and Treatment as issued by the State of Louisiana at the time of appointment. May be required to obtain and maintain additional certifications and/or training as deemed necessary. Must be capable of responding to the site within one (1) hour of being notified. Must possess a valid driver's license.
- Will be required to obtain a valid State of Louisiana driver's license at the time of appointment and a valid State of Louisiana Class D driver's license within 60 days and maintain throughout employment for this classification.
- Must obtain Class IV certifications in Water Production, Distribution, and Treatment as issued by the State of Louisiana within six (6) months of appointment.

Work Schedule: 40 hours a week; may work weekends

Must include copies of driver's license, diploma, GED, DD214, degree, etc. with application.

Accepting applications: Until filled

City of Alexandria, LA Job Opportunities

Water Plant Operator, Water Production

Annual Salary Range: \$33,219.89 - \$39,855.19 Grade: 19 (Pay rate to be determined by level of certification(s) possessed.)

Examination is announced to establish an employment list to fill vacancies in the Water Production Department and future vacancies as they occur to operate, monitor, and maintain water production and treatment systems and related equipment to provide quality drinking water for public use in accordance with all established regulations, standards, and procedures. Work is performed under general supervision at the level allowed according to the certification held by the employee and training received; some tasks require direct oversight from Operators with a higher certification. Conducts visual inspections of facilities, equipment, and well sites to ensure proper operations and to detect equipment failures, potential leaks, or other problem situations; reports faulty equipment or problem situations to appropriate personnel. This position is subject to 24-hour call.

Minimum Applicant Qualifications:

- Experience in water plant operations preferred or any equivalent combination of education, training, and experience that provides the requisite knowledge, skills, and abilities for this job.
- High School Diploma or GED.
- Must maintain a functional telephone and be capable of responding to the site within one (1) hour of being notified.
- **Must possess the State of Louisiana Class IV Water Production and Class IV Water Treatment certifications prior to completion of a seven (7) year apprentice period.**
- **Will be required to obtain a valid State of Louisiana Class D driver's license within one month of hire.**
- Will be required to obtain a valid State of Louisiana driver's license at the time of appointment and maintain it throughout employment for this classification.
- Pay rate to be determined by the level of certification(s) possessed.

Work Schedule: 12-hour shifts; including weekends and holidays

Applicants must supply complete and accurate information concerning their previous training and experience including a detailed description of their work experience, the names and addresses of all previous employers, and the dates of employment. The information is subject to verification.

Must include copies of driver's license, diploma, GED, DD214, degree, etc. with application.

Accepting applications: Until Filled
