Hammock Water System is a deserving nominee for Energy Conservation System of the Year North. They have consulted the LRWA with assistance in leak detection which has resulted in location of leaks that have saved thousands of gallons of water. Manager Heath Wallace is very conscientious about water loss and does not let it stand without a search.

The Tensas Water Distribution Association provides clean safe drinking water for the entire parish of Tensas including Newlton, Lake Bruin , St Joseph , Waterproof and the rural areas including the Federal Tensas Game management camps. The system in the last couple of years has revamped their surface water system and added new mainlines to accomidate the increase in the amount of water produced. The system when noticing water loss quickly contacts LRWA for assistance and repairs leaks as soon as possible. The operators all work together for the good of the system in order to keep the system up and running.

The Village of Converse has requested several surveys over the past year. The Village is always willing to assist and also repair the issues located after the survey. The operator Doug Williams is always willing to lend a hand and wants the best for the Village. I would like to nominate the Village of Converse for their dedication to their customers and willing to do what it takes to provide the best product.

Mayor Terrell

Whitehall Water System is a nominee for Energy Conservation System of the Year North. They are very faithful about combating water loss and utilize the LRWA Energy Conservation Program for leak detection. Thousands of gallons of water have been saved while Whitehall and the LRWA have worked together.
